

As rightly quoted "Dance is the purest expression of every emotion, earthly and spiritual", the students of Royal Global School too depicted their emotions through a dance presentation in these testing times on the occasion of "World Dance Day". The students performed on the song "Ek tu hi bharosa, ek tu hi sahara" in their respective homes and a collage of the performances truly laid out a soulful and poignant rendition. Indeed mesmerising, the dance was a way of reaching out to the almighty and prayers for all because sometimes all it needs is just one prayer to change everything.
