

The time we are in, sure, is difficult. Our patience is running out. And we are surrounded by an invisible army of the enemy. However be rest assured, this too shall pass. And we would emerge stronger and better just like our monuments that stood the test of time.

In the wake of Covid – 19 pandemic, Sanskriti – The Heritage Club of Royal Global School has decided to celebrate the World Heritage Day online to display solidarity in our fight against the deadly virus outbreak. The teacher in charge began with an introductory video with the History students of Class 12 followed by an interactive session by one of the renowned Professor of Cotton University- Dr. Manzil Hazarika (Department of Archaeology).

This initiative highlights one crucial aspects about Royal Global school. We might be at home but our spirit is free flowing, our mind is without fear and our hearts are wide open.

Royal Global School wishes everyone a very Happy World Heritage Day.
